

Simply Smarter.

INTELLIPRO[®] 2 VST

VARIABLE SPEED PUMP

ADDING SMILES. LOWERING ENERGY COSTS BY UP TO 90%.

The best just got better.

INTELLIPRO® PUMPS—PREFERRED BY POOL BUILDERS,
RETAILERS AND SERVICE PROFESSIONALS.

The new IntelliPro 2 VST pump gives you unrivaled energy savings—up to 90% versus conventional pumps. And with a new, rotatable, digital keypad and user-friendly interface, programming and monitoring your savings is simple. No wonder demanding pool pros count on Sta-Rite IntelliPro pumps for long-lasting performance and energy savings.

ENERGY SAVINGS OF UP TO 90%¹
Moves water more efficiently at lower speeds

POTENTIAL SAVINGS WITH AN INTELLIPRO 2 VST PUMP.

Energy cost per kilowatt hour (kWh)	Estimated IntelliPro 2 VST pump savings per year ¹	Estimated IntelliPro 2 VST pump savings after five years ¹
\$0.16	up to \$1,500	up to \$7,500
\$0.20	up to \$1,800	up to \$9,000
\$0.30	up to \$2,700	up to \$13,500

¹Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.

Runs on the same principles as a hybrid car

The advanced permanent magnet motor is far more efficient than single- and two-speed motors

More environmentally responsible

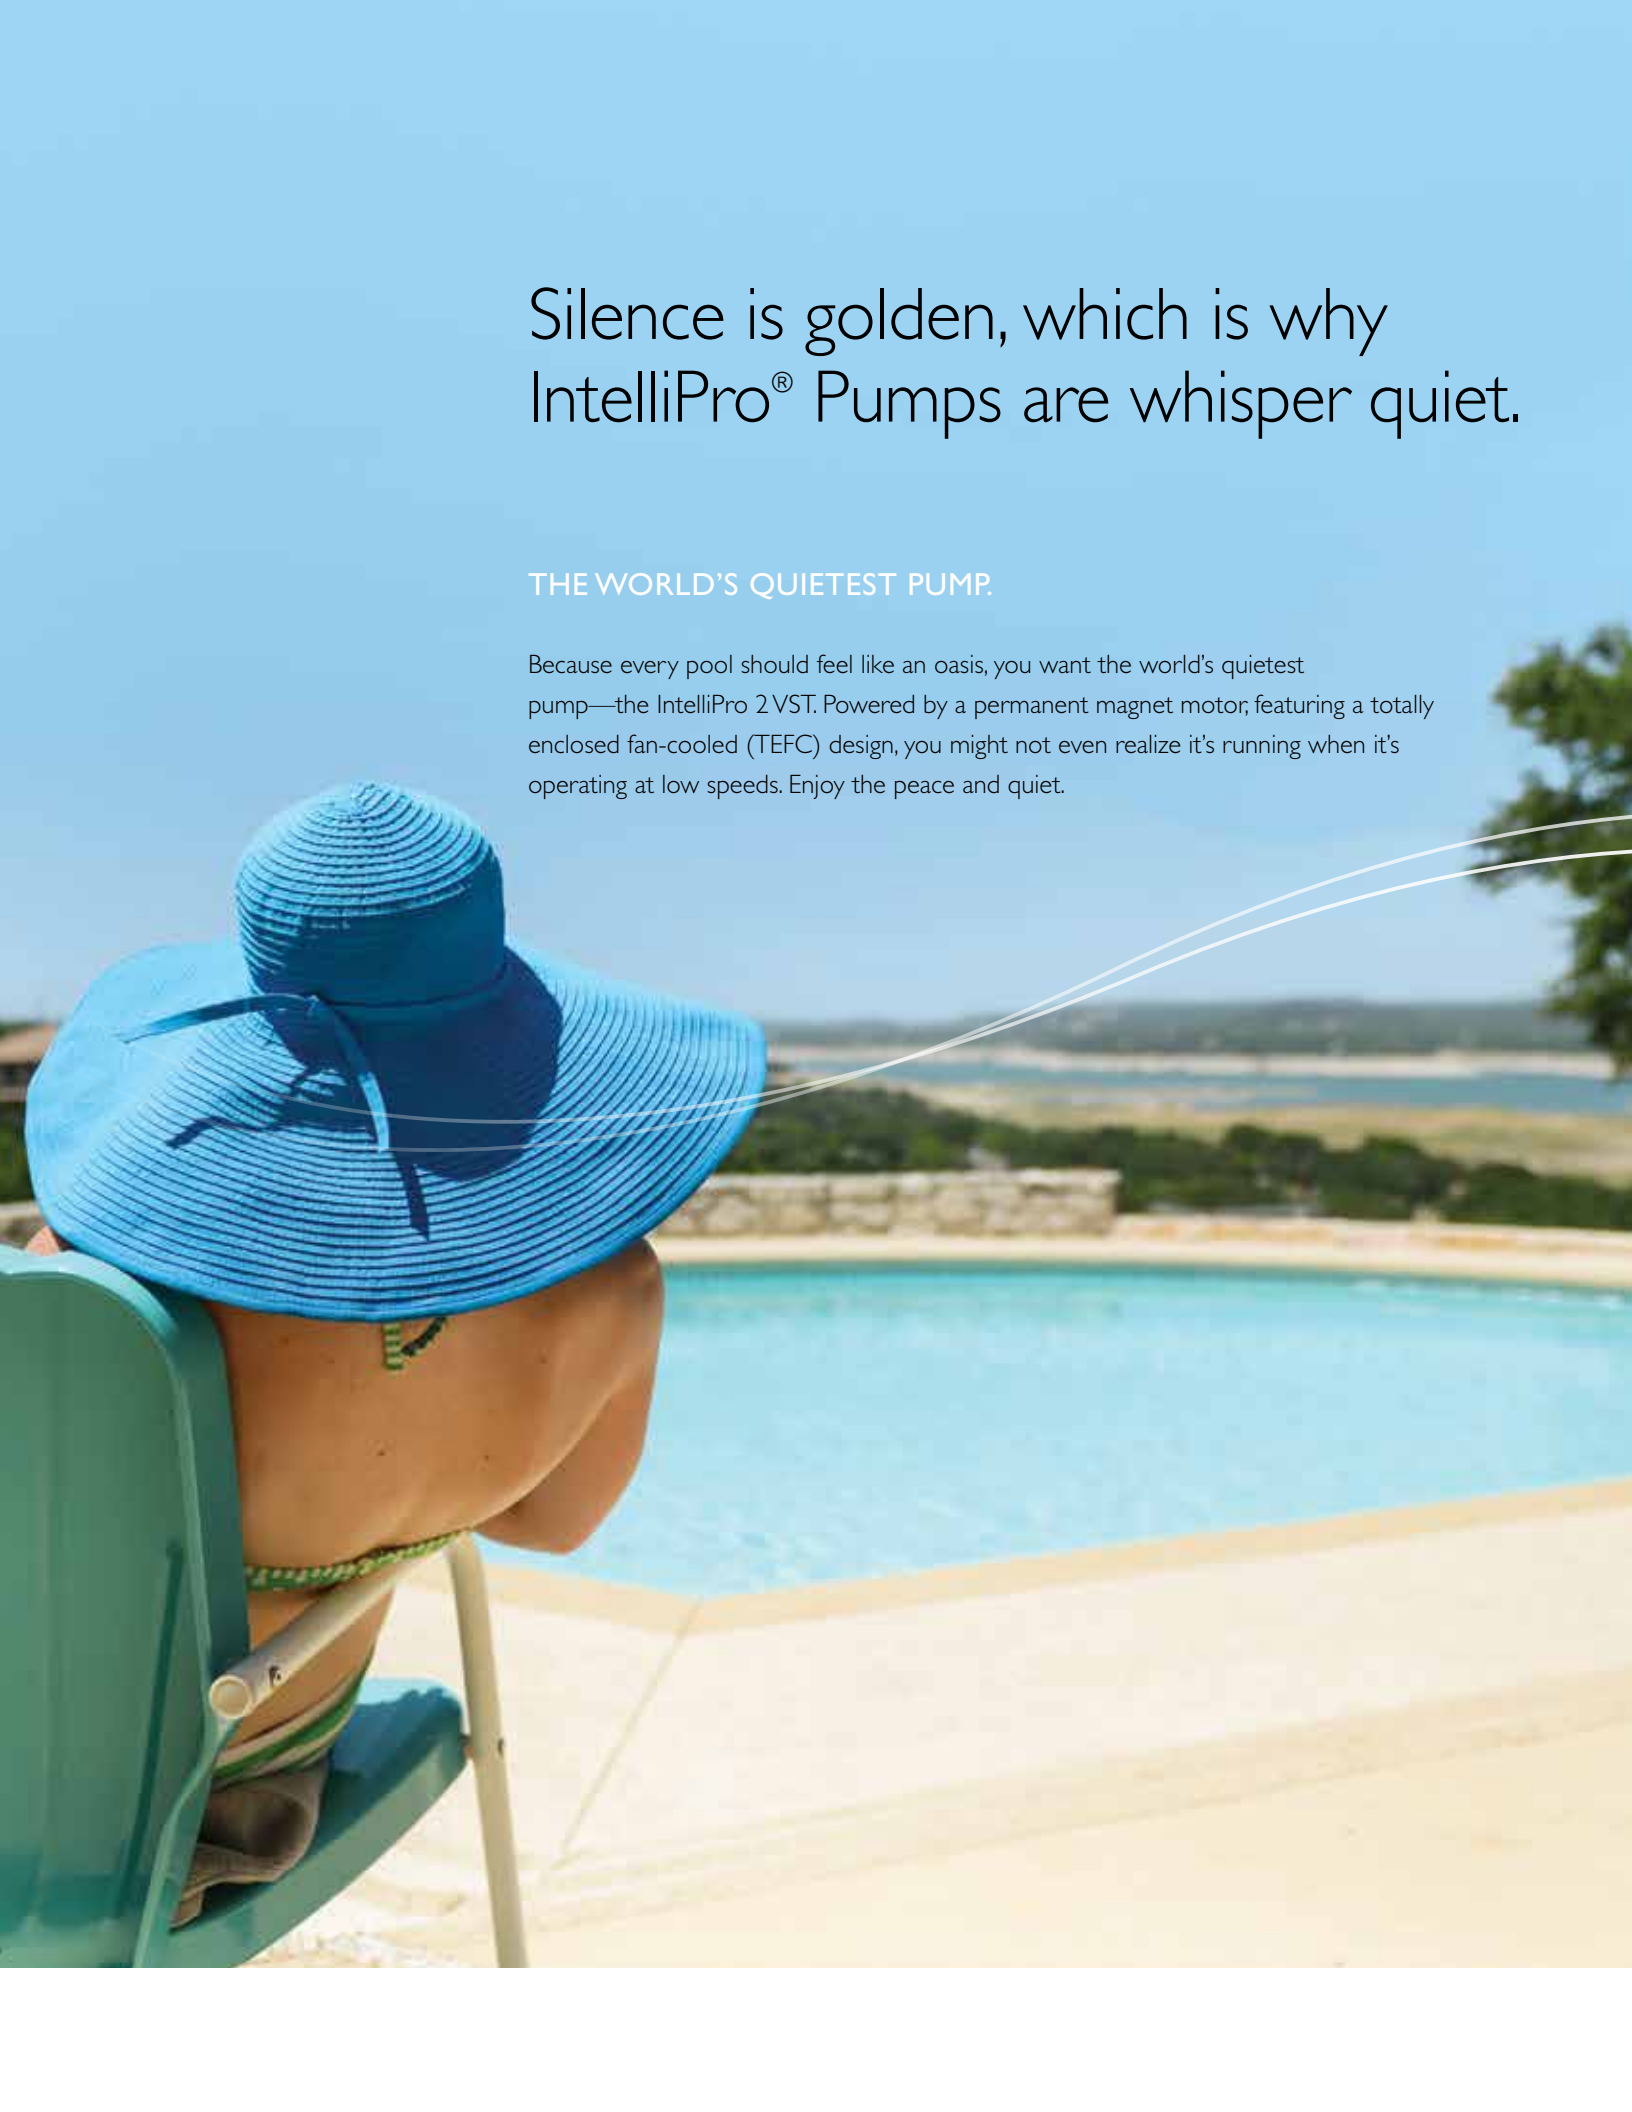

Dramatically reduces electricity consumption

Ready for anything

Pentair Automation Systems communicate with your IntelliPro pump and other pool equipment for ultimate convenience

A person wearing a blue hat is sitting on a green chair, looking out over a swimming pool and a landscape. The background shows a clear blue sky, a swimming pool, and a landscape with trees and a body of water. The person is wearing a blue hat and a green bikini top. The chair is green. The pool is blue. The landscape is green and blue.

Silence is golden, which is why
IntelliPro[®] Pumps are whisper quiet.

THE WORLD'S QUIETEST PUMP.

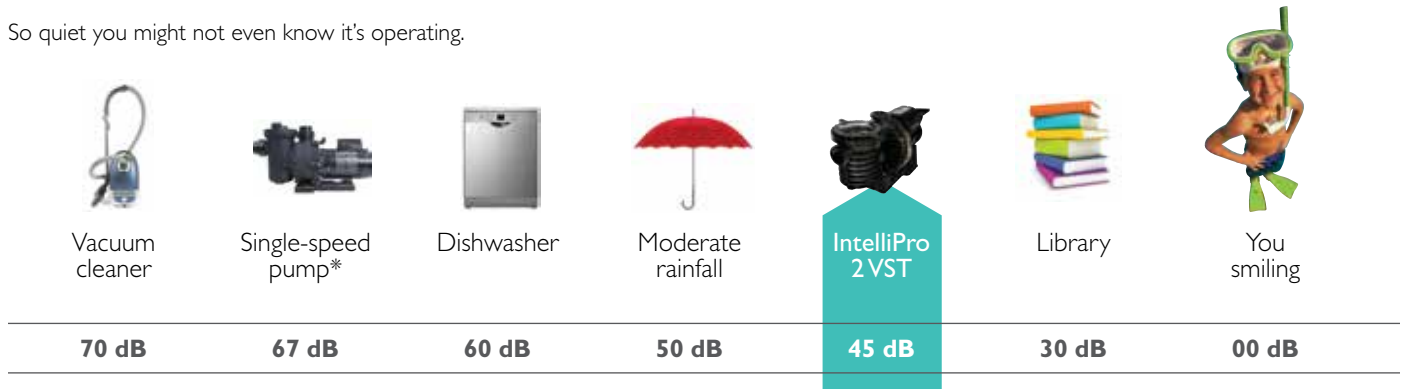

Because every pool should feel like an oasis, you want the world's quietest pump—the IntelliPro 2 VST. Powered by a permanent magnet motor, featuring a totally enclosed fan-cooled (TEFC) design, you might not even realize it's running when it's operating at low speeds. Enjoy the peace and quiet.

FEATURE RICH. ENERGY SMART.

HOW QUIET IS THE INTELLIPRO 2 VST PUMP?

So quiet you might not even know it's operating.

Want to add features? The IntelliPro® 2 VST Pump is always game.

ULTIMATE ENERGY EFFICIENCY—FULLY AUTOMATED, IF YOU LIKE.

With the IntelliPro 2 VST Pump, you can add equipment and options like heaters, salt chlorine generators, water features and more. You can also change them—without reducing pump performance—while still providing maximum energy efficiency.

Pair the IntelliPro 2 VST with a Pentair EasyTouch® or IntelliTouch® Automation System and you can schedule the exact features you wish to run...at the precise time you wish to run them. It's the ultimate in push-button convenience. For even greater control, add an optional ScreenLogic® Interface to your Pentair automation system and access your pool from practically anywhere and at anytime using your smartphone, computer or mobile digital device.

The IntelliPro 2 VST pump interfaces with Pentair automation systems to give you the convenience of mobile device control.*

*For remote access via a computer, smartphone or mobile digital device, users will need the ScreenLogic Interface, which is purchased separately.

**THE POWER OF RUNNING YOUR
POOL MORE EFFICIENTLY.**

No matter how your pool is equipped, put the power of the easy-to-program IntelliPro pump to work in your pool for optimal equipment efficiency and maximum energy savings.

INTELLIPRO® 2 VST

VARIABLE SPEED PUMP

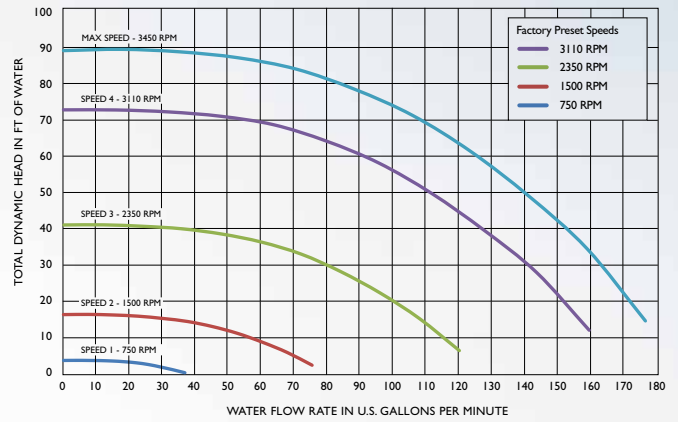

AN ECO SELECT® BRAND PRODUCT

The IntelliPro 2VST pump has earned the Eco Select brand distinction as one of the "greenest" and most efficient choices from Sta-Rite. Eco Select products are designed to help you save energy, conserve water, eliminate or reduce noise, or otherwise contribute to a more environmentally responsible equipment system.

The ENERGY STAR® Certified IntelliPro 2VST pump from Sta-Rite meets strict energy-efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. This pump saves money, reduces energy use and protects the environment.

PERFORMANCE CURVES

NOTE: The chart above demonstrates performance rates at factory preset speeds of 750 RPM, 1500 RPM, 2350 RPM and 3110 RPM.
